CLS Series two-way radios and headsets provide a communications solution that is not only smart, simple and reliable, but can withstand the daily rigors of the workplace.

## EDUCATION USER BENEFITS:

- Improves coordination and response time when a disturbance, accident or emergency occurs
- Reduces operational costs and increases maintenance productivity
- Alerts school security to a potentially dangerous or suspicious situation
- Allows coaches to take immediate action on the playing field

- Helps manage school bus loading and unloading activities more efficiently
- Enables the main office staff to communicate with teachers who are in portable classrooms
- Keeps crowds under control during large on-campus activities such as pep rallies, school assemblies and sporting events

**SAVE TIME - SAVE MONEY**
